- Virtuozzo

MOBILE

- Android
- iOS

APPLICATIONS

- Microsoft SQL Server
- Microsoft Exchange Server
- Active Directory

OFFICE 365

VIRTUAL MACHINES

BACKUP TYPES

- System
- Drive
- File

DESTINATIONS

- Local
- Network Drives
- Cloud Storage

RECOVERY METHODS

- Web Interface
 - In-Place Restore
 - File Download
- Bare-Metal Recovery
- Bootable Media
- Extract from local files

A simple pricing for all workloads

50 GB Storage

\$ 25.00 / Month

Additional storage will be charge \$0.50 Per
GB/Month

Data corruption or deletion can occur at any moment. A proper business continuity strategy protects the organization against data loss and ensures it can resume operations in a timely fashion when a disaster happens. Best practices recommend a 3-2-1 backup rule in which a company has 3 sets of backup, stored on 2 different media, with 1 copy off site.

It's important for companies to make sure those 3 sets exist and that they're reliable and easily recoverable to fit into the company's recovery time objective (RTO). The good news? You can do it all with Elocker Technologies Online Backup. It's a simple, efficient, user-friendly and secure tool. Stored backups are protected with industry-standard, in-flight and at-rest 256-bit AES encryption.

ELOCKER TECHNOLOGIES RENOWNED TOUCH: SECURITY, FLEXIBILITY AND OUTSTANDING SUPPORT

Elocker Technologies proven expertise in cloud services guarantees you get the best infrastructure to back up, store and restore your data without a glitch.

Secure Cloud Storage

SOC2 Type II-Compliant Tier 3+ Datacenters. Data encryption in-flight and at-rest.

Shuttle Service for Your Initial Data Seed

Send your hard drive to our datacenter. Fees may apply.

Reach us by phone, email or chat. Support provided in English and French from our offices in North America.

Hosted in the U.S. & in Canada

You're free to choose your storage location

High Bandwidth for Fast Backup & Recovery

Datacenters have 2x10Gbps ISP connections configured in active/passive mode. Tested for uploads for up to 300Mbps.

A photograph of two women walking towards the camera in a bright, modern office hallway. The woman on the left is wearing a grey blazer, a white blouse, and a grey skirt, carrying a black bag. The woman on the right is wearing a purple cardigan over a white top and blue jeans. The hallway has glass-walled offices on the left and a white wall on the right.

ABOUT ELOCKER TECHNOLOGIES

We're an IT solutions that offers invaluable tech services to both small & medium-sized enterprises and large-scale businesses. We have partnered with companies in different industries—real estate, education, hospitality, and laundry—to develop efficient, reliable, and convenient software products and tools to meet their business and clients' needs.
